FRANCE TALKS PARTITION OF SILESIA

German Victory in Plebiscite is Keen Disappointment

VOTE IS ANNOUNCED

Perfect Order Marks Election to Decide Future of Province—Polish Terrorism Denied

Paris, March 22,—In French official circles keen disappointment was expressed over reports received yesterday afternoon from Upper Silesia, saying that Germany will retain the district as a result of yesterday's plebiscite, but the officials do not yet admid the area is lost to Poland They pointed out that the reports of the plebiscite were unofficial and came mostly from Berlin.

It was said that in the event of the majority of the vote being German, the territory probably would be divided, leaving to Poland those places which voted Polish.

Stress was placed by French officials on the agricultural vote, which it is hoped, will prove to be largely Polish, but it was conceded the towns had voted German.

London, March 22.—The official returns of the plebiscite in Upper Silesia as given by Dr. Simons, the German Foreign Secretary, in a telegram to London, are:

Germany, 713,700; Poland, 460,700, in the whole plebiscite area, or approximately 61 per cent. in favor of remaining German territory, and approximately 39 per cent. for incorporation in Poland.

Giving details of the polling, Dr. Simons says:

"All the towns, especially the industrial centers, show an overwhelming German vote. There are only Polish majorities in the country, especially in those parts to which, contrary to the urgent desire of the German Government, troops were not sent in time for the protection of the German population, sorely tried by the Polish terror."

The Lokal Anzeiger, Vorwaerts, Vossische Zeitung and Tageblatt point out that under the treaty the Entente has power which it probably will exercise, to revise the Upper Silesian frontiers, taking into consideration the voting by the communes and the economic relations.

Kattowitz, Upper Silesia, March 22—The results of the voting in the Upper Silesia plebiscite shows an overwhelming majority for Germany. To test the truth of the cries of a Polish terrorization, of which the German papers are full, I traveled yesterday through those parts of Upper Silesia which are predominantly Polish to see whether the German voters were intimidated, Myslowitz, Neu and Alt Berun, Anhalt, the former Grand Duchy, of Pless and Nikolas were covered, but no signs of Polish terrorism were observed.

I found the local Polish guards throughout the region wearing Polish white eagles, but they were not interfering with the voters. The Interallied Commission, by energetic last-hour actions, put the whole country under restraint, so that the Poles in the country, like the Germans in the towns, were unable to put through any terrorist measures they may have planned.

The voting was perfectly fair, the voters were protected in all cases by the police, which was half German and half Polish. The roads were filled with German automobiles carrying returned native voters, who were unmolested. Most of them had left Upper Silesia years ago, but were able to establish their identity and were permitted to cast their ballots. The local Polish voters, however, were filled with resentment against the Germans being allowed to bring back the natives, as most of the Poles who left these parts went to America, whence they were unable to return.

Paris, March 22.—Six reasons influenced the Upper Silesia vote in favor of Germany, according to an expert American observer, a member of Herbert Hoover's staff in Central Europe. His reasons follow:

1. Military service is no longer compulsory in Germany, while every Polish citizen must serve two years.

2. The Prussian Parliament recently voted autonomy for Upper Silesia whereas if the Poles had won the plebiscite region would have become entirely Polish.

3. German factory and mine owners threatened to close their works if Poland won the plebiscite, so many Polish employes voted in favor of Germany through fear of losing their jobs.

4. The priesthood influenced their parishioners to vote against Poland.

5. The German Government vaguely promised to share the big landed estates in Upper Silesia among the land owners.

6. Germany promised amnesty to all political offenders.

To Present Play

"Upper Room" at Lyceum Tomorrow Night

Monsignor Benson's Passion Play entitled the "Upper Room," will be presented under the auspices of the Catholic Women's Service Club of Washington, at Lyceum Hall at 8 p. m., tomorrow night

This beautiful play is adapted from the book of that name by Monsignor Robert Hugh Benson. The drama opens with a prologue giving the summary of the entire play. The scene is the 'Upper Room" through out the three acts. Though the figure of our Divine Lord does not appear, at the opening of the first act the voice of the Master is heard, crying from a distance, "I am the Vine and my Father is the Husbandman," gradually growing fainter until it dies away.

One of the most impressive scenes is the manner in which the Way of the Cross is portrayed. Only the tops of the crosses are consnicuous as they pass by the Upper Room. One cross lowers directly under the window, which signifiies Christ's falling under the burden of it.

The play is most interesting, and though the story of the Passion is known to practically all Christians, yet this particular presentation by Monsignor has a new appeal to everyone.

Whole Family Stricken

Seven of F. Chesky's Household Suffer From Ptomaine Poison After Eating Canned Peaches

Seven persons were taken ill and had a narrow escape yesterday as the result of ptomaine poisoning, this being the entire family of Frederick Chesky of Johnston's sub-division in Rosemont. They ate canned peaches the night before and every member of the family including Mr. and Mrs. Chesky and three sons and two daughters were ill after partaking of the food.

Dr. R. L. Wilkins were summoned and soon had the family out of danger, although two of the members of the family were reported more seriously ill than the others. All, however, needed medical attention. All have practically recovered.

Shriners Gathering

About 75 From Here Attend D. C., Ceremonial

About seventy-five members of Acca Mystic Shrine of this city last night went to Washington and attended the initiation of forty candidates by Almas Temple at Poli's Theatre.

The initiates were taken "over the hot sands" by Nathan Weill, Monte Sanger and O. M. Ballauf. The acceptance by President Harding of honorary membership in the temple was announced. H. Reyboorn, Al Ladner and Mr. Gretlow, of Lulu Temple, also were made honorary members.

The ceremonial took the form of a "Past Potentates' Night," and the following delivered addresses: Illustrious Potentate Edward Brownley, of Boumi Temple, Baltimore; Illustrious Potentate Dudley, of Crescent Temple, Trenton, N. J.; Chief Rabban Ladner, of Lulu Temple; Senator Harreld, of Oklahoma; Ira Percy, of Lewiston, Me.; Representative Evans, of Nevada; J. M. Cave, of Chattanooga, Tenn.; and A. T. Hemmingway. A white fez was presented to B. Schmidt in recognition of his services as director of the Oriental Band.

At the largest business meeting of the temple ever held, preceding the ceremonial, a vote of confidence was given to the administration of Illustrious Potentate Henry Lansburgh, his divan and Recorder F. L. Walker, of Arab Patrol.

CLEMENCEAU MUTE ON POLITICS

Not Satisfied With the Versailles Treaty

MAY VISIT AMERICA

Bronzed and Weather Beaten on Return From Tiger Hunt in India—Closed Conferences Held.

Toulon, March 22.—Former Premier Clemenceau returned to France yesterday fully 10 years younger Tiger hunting in India, he said, is one of the very best forms of rejuvenation, and, in his own person, at the age of four score years, "The Tiger" himself has proved it.

While the former President remained mute on the subject of politics—"one cannot shoot tigers and keep up with political developments at the same time," he observed—there is more than one reason to suppose that his arrival may turn out to be a return from Elba, so far as the French parliamentary situation is concerned.

Neither the members of his own family nor those who participated in a conference with him yesterday would say for publication whether "the Tiger" means to re enter the political arena, but on the other hand none was prepared to say he would not. Andre Tardieu and his associates emphasized the remarkable youthfulness and vigor of their former chief.

"I have never seen him in better form," was M. Tardieu's tribute.

It was remarked also that instead of "remaining on the Riviera" for some weeks as had been supposed he would, M. Clemenceau will go to Paris tonight. Moreover, it may be stated authoritatively that Clemenceau is by no means satisfied either with the manner the Versailles treaty has been applied by his successors in the Premiership nor yet with the ascendary of former President Poincare, his ancient adversary in the French body politic. A parliamentary duel between "the Tiger" and Poincare, with the French Senate as the setting, is well within the bounds of possibilities.

It is conceivable, although improbable, that the former Premier might add another branch to his laurels as a traveler by visiting America. To a query about this possibility M. Clemenceau replied:

"Don't you think I have done enough traveling for the present?"

About President Harding's administration the former Premier would say nothing, and when shown a translation of the description of him in former Secretary Lansing's article, "Big Four," published recently, he waved it aside, remarking brusquely:

"Why read unpleasant things about one's self? And if it is pleasant, why that is still more dangerous."

Nevertheless, he directed a friend to obtain all the installments of Lansing's article as they are published in Paris.

Clemenceau was met by three of his old Cabinet ministers, Tardieu, who was Minister of the Liberated Regions; Edouard Ignace, former Minister of Labor, and M. Colliard, now Undersecretary of War, and by a dozen lesser lights in the political firmament A conference behind closed doors of a room in a hotel here followed immediately after the former Premier came ashore from the British steamer Sabmonde, aboard which he had made the three weeks' run from Colombo.

As the former Premier passed through Toulon harbor aboard the admiral's launch the crew of the French man o'war dressed ship, standing rigidly at salute, while the ship's flags were dipped and their whistles blown. Otherwise there was no ceremony, and because he landed within the forbidden enclosure of the arsenal no crowds waited to cheer "Pere Victorie" as he stepped on his native soil again.

Sewing Class Starts

Large Attendance Marks Opening Saturday

The sewing class for girls offered by the Educational Committee of the Ladies' Auxiliary of the Y. M. C. A., opened very auspiciously last Saturday afternoon at two o'clock in a room offered for that purpose by the Chamber of Commerce. Twenty girls ranging in age from eight to fifteen years, gathered at that time for free instruction, and judging by the enthusiasm and interest shown at this opening lesson, the number will be largely augmented next Saturday.

The course of instruction offered is practically the same as that given in the public schools of Washington, and exactly corresponds with that of the schools of Arlington county, Miss Coralie Greenaway, a graduate of the National School of Domestic Science and Art and instructor in the Arlington County Schools for the past five years has been secured as supervisor of instruction in the course offered by the Auxiliary.

In addition to Miss Greenaway, the volunteer teachers present at the first meeting were Mrs. Effie Wheatley, Mrs. W. S. Risdon, Mrs. Morris I. Horner and Mrs. Edward Acton, chairman of the Educational Committee. Additional teachers are expected to report at the next meeting. Mrs. Acton announces that the enrollment is still open and that those desiring of joining the classes should not fail to come next Saturday afternoon at two o'clock.

Following the sewing hour, motion pictures will be shown free for girls only, in the Chamber of Commerce Auditorium, at three o'clock. The repetition of the motion picture program which heretofore has been offered on Fridays only was made necessary by the largely increased attendance which last week reached two hundred and twenty five.

In the future the Y. M. C. A. will show the usual attractive program to boys only on Fridays at three thirty at the Chamber of Commerce and the Auxiliary will repeat the program for girls on Saturday at three o'clock at the same place.

Athletic Test

Pioneers of Y. M. C. A., Hold First Try Out

Twenty three boys appeared for the first indoor test in athletics for Pioneers at St. Paul's Parish Hall last night. The Daniel Boone Troop No. 2, was the guest of St. Paul's Troop No. 1, and the boys had a friendly competition in the running high jump which was the test of the evening. Many of the boys dropped out in the early stages of the jump but several of them showed remarkable prowess considering that they had had no previous training, and the jump an indoors one.

The Y. M. C. A. furnished the apparatus, a new set of jumping standards and a splendid mat for the boys to land on. The boys are graded according to age and weight and the number of points they receive on their jumping will be determined on the point system, according to the height each one jumped.

Some of the boys who were in the jump to the last and who made splendid records for their ages were Howard James, Burdge Caton, Edward Scott, Louis Hicks, Fred Landon and William Travers, three feet, five inches, while Robert Cochran, Elzie Morris, and Charles Robey had cleared the bar at three feet six when the jumping was stopped for the evening.

The boys were on hand with their savings for Camp Rust and both troops are piling up quite a sum for their summer outing A friend of the camp has subscribed ten dollars to be appied on permanent equipment and the boys expect others to add to this sum until their permanent equipment will be completely provided for.

Final Lecture

Dr. Rollins Will Finish Course on Gospels at St. Paul's

Rev. Dr. Wallace E. Rollins, tomorrow night at 8 o'clock at St. Paul's Church will deliver the last lecture in the series on the four Gospels. In this last lecture he will summarize briefly the lectures already given and will present many interesting additional facts about each of the Gospels.

He will also answer any questions that have been handed in on the Gospels. If any one has questions to ask he is requested to write them out and hand them to an usher on entering the church Wednesday night.

Among the topics to be considered Wednesday night are the following:

1. The historical background of each of the four Gospels, and in particular the situation that led the Apostle John to write a Gospel so long after the others. Why John omitted so many things which are given in the first three Gospels and why he added certain others.

2. How the Gospels were preserved until they were published in Codx form in the fourth century and why they were then placed in their present order in our New Testament

(a) With regard to the people for whom they were written.

(b) With regard to their contents

(c) With regard to style.

(d) With regard to the portrait of Christ given by each one.

(e) With regard to the symbols which the artists have used for them.

Fredericksburg Plans Big Celebration May 2.

Fredericksburg, Va., March 22.—Arrangements which are rapidly being brought to a focus for the celebration of the two hundred and fiftieth anniversary of the official establishment of the city of Fredericksburg indicate that the second of May will be the gayest day in the history of the city. Numbers of men prominent in public life in Virginia will be there and widely known people are expected from many of the States further South and from the Northern States. That the event is being recognized outside Virginia as the commemoration of an important episode in national history is evidenced by the intention of the leading film news companies to send cameramen here for the occasion.

While official invitations have not been sent out, it is practically settled that Governor Westmoreland Davis and his staff will attend the anniversary celebration, and that Senator Claude Swanson, Senator Carter Glass, Congressman S. O. Bland and others will be guests of the city At least one member of the Cabinet, it is assured, will be present and will make the leading address of the day. A thousand marines from Quantico will march in the parade in the afternoon with the post band at their head, and army aviators are expected to fly here from Washington or Langley Field to add something to the interest of the occasion.

TO-DAY'S THOUGHT. We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial. We should count time by heart-throbs. He most lives who thinks most, feels the noblest, acts the best.

Philip James Bailey.

Quotation Marks. Some of our readers have complained we do not treat them fairly in that we often quote from some of the masters of thought without using quotation-marks. We might, if we were craven, lay the blame on the shoulders of that much-abused person, the proof-reader. But as we correct all our own proofs this would be not only unfair but false. We shall therefore make confession that our opinion of the learning of the Gazette readers is so high, that we do not think it necessary to label a quotation as such. We quote as a rule only from those great writers whom every one knows. When we do not, we then not only label them with the little apostrophes, but we give the name of the more or less obscure author.

But, anyhow, every word is the invention of some human brain in times past. Centuries or decades, what matters it? Time is only a presupposition of man's intellect, at best. One thing we would not do: We would quote no copyrighted word without giving due credit. When our readers find words or phrases or thoughts that they can trace otherwheres, we would ask them, what is originality that the spirit of mortal should be proud of it? Shakespeare was the greatest thief of all time. Yet Landor said of him that he was more original than his originals. That he breathed upon dead bodies and brought them in to life. Another friend of ours said that next to the originator of a good sentence is the first quoter of it. In fact, he maintained that it is as difficult to appropriate the thoughts of others as it is to invent. According to Ecclesiastes, there is no new thing under the sun. This being true, there can be no originality. Again, if by necessity, by proclivity, and by delight, we all quote —there need be neither quotation marks nor apology.

Advertising Club of Alexandria. Tomorrow, Wednesday night, at eight o'clock, the Advertising Club of Alexandria will hold its first meeting at the rooms of the Chamber of Commerce. This Club is destined to be an important factor in the future of Alexandria. It has already received an invitation to affiliate with the Associated Advertising Clubs of the World, and will undoubtedly accept. This latter body has offices in nearly every important city, from London to Shanghai, and Alexandria will thus become widely known through this home institution.

The Gazette is authorized by the Club's president to invite every merchant and every citizen who is interested in advertising to attend the meeting tomorrow night and become a member. They will be cordially welcomed and their presence appreciated.

Chamber of Commerce Meeting

The Alexandria Chamber of Commerce held its annual meeting last night, heard and approved the reports of its president, secretary and treasurer, and elected four directors to succeed themselves in a new term. The meeting was a success in point of numbers and enthusiasm. The most important feature was the adoption of Mr. Caton's resolution endorsing a commission form of government for this city, with a city manager. Twelve cities in Virginia have already voted for this form of municipal administration, and all of them are fervent in their praises of its success.

The fact was stated by several of the speakers last night that the resolution had nothing of a personal element in it, and was equally devoid of what is known as politics. There is not the slightest reflection intended on the present membership of the city council, all of whom were apparently popular at the meeting. One or two of those present rather deprecated the placing of the matter in the form of a resolution, but the final vote was nearly unanimous. Even those opposing the resolution declared themselves in favor of a commission form of government.

The theory of this so-called city-manager plan has long since passed beyond the experimental stage and is now a fact the success of which is undisputed. The underlying principle contains two basic features, known as the short ballot, and the unification of powers. The latter is perhaps the more important of the two, although the usual long ballot is called the politicians' ballot, and the short ballot the peoples' ballot. The unification of powers is simpy a fixing of responsibility that avoids the passing of the buck. It enables the voter to determine the fault and point out the delinquent.

There is no doubt that this simplified and decisive form of municipal government goes hand in hand with a Chamber of Commerce. One is the ineluctable complement of the other. Those public-spirited citizens who have sponsored this movement for years, notably Mr. James R. Caton, are deserving of recognition by their fellow-townsmen. To their labors and zeal Alexandria will be forever indebted for the union of an admirable civic body and a modern municipal government. With the two united, nothing can impede the forward march of the city. Its unequivocal superiority in the essentials of a great city will attain a responsive and speedy recognition by the industrial and financial world.

GIRL, 16, FOUND SHOT; YOUTH, 19, ARRESTED

Harper's Ferry, W. Va., March 22.—Catherine Littleton, 16, daughter of Mrs. Grace Ramsdell, of Bolivar, was found dead yesterday morning on the lounge in the parlor of her home, with a bullet wound above her eye, the ball having passed through her head and buried itself in the wall back of her.

She was in the company of James Stevens, 19, Sunday afternoon and night. He was arrested yesterday morning at his home, in Halltown, by Deputy Sheriff Alder and State's Attorney Porterfield upon suspicion and, after a hearing before Justice Nichols, of this place, was committed to Charles town jail to await the action of the grand jury. The girl worked in the knitting mill here.

Her mother yesterday morning went to call her to go to work. Finding the covers had not been turned down, she went to the parlor, where she found her dead, with her clothes saturated with blood and a pool of blood at her feet.

Stephens stated he called on her yesterday evening and that about 11 o'clock he showed her a pistol which she had asked to see. Stephens stated that in handling it it went off, the ball entering near her right eye.

The girl's mother and other members of the family were asleep up stairs and heard no report of the pistol.

Stephens states he was overcome and feared being accused of the murder of the girl and that he walked to his home in Halltown, three miles off. His reason for carrying a pistol, he said, was that about three weeks ago his brother was held up by three colored men in the suburbs of Bolivar.

TREADWAY GIVEN 20 YEARS; LUCKY, JUDGE INDICATES

Philadelphia, March 22.—Peter D. Treadway was given the maximum penalty provided by the law yesterday for his part in the murder of Henry T. Peirce, when Judge Chas. Y. Audenried sentenced him to a term of not less than nineteen years and six months and not more than twenty years in the Eastern Penitentiary.

Judge Audenried took pains to make it clear that Treadway is to serve the whole sentence. The only chance the prisoner has to get any time off is to obtain a pardon.

The court also indicated openly a belief that Treadway was lucky to escape a first degree murder verdict.

Just after sentence had been pronounced, Attorney C. Stuart Patterson, Jr., arose and asked permission to speak in behalf of his client.

"What is it you want to say?" asked Judge Audenried.

"I would like to ask that in passing sentence," said Mr. Patterson, "your honor take into consideration the fact that when the Legislature passed the present indeterminate sentence law it undobutedly had in mind the provisions of the old commutation law.

RATE RAISE DENIED

Virginia Corporations Commission Blo kcsoenCvAt5 —retTSHRDL Blocks Convention Increase

Richmond, Va., March 21.—The state corporation commission today denied the application of the railways of the state for permission to increase fares for conventions and large gatherings from one and a third of the minimum straight fares to one and a half of the minimum straight fares.

The railroads denied that the commission had jurisdiction in the matter, but the commission rules it has jurisdiction. The commission holds that no valid reason was advanced for the increase.

INCOME TAX YIELDS OVER $600,000,000

Revenues from the 1920 income and profits taxes will be considerably larger than the minimum estimated by Treasury officials. First definite information that the government's financial program would not be upset by tax receipts falling short of the amount expected became known yesterday when reports were received at the Treasury from collectors of internal revenue showing that payments on account of the March 15 installment of taxes had passed the $600,000,000 mark at the close of business Saturday.

Since the collectors still are tabulating the checks received from tax payers and making daily deposits in the Federal Reserve banks to the credit of the Treasury, it will be a week or more before the final total of the first tax installment is known. It is now certain, however, that the total will be well more than $600,000,000 and considerably better than Treasury officials had dared hope for.

It was known that the revenues from taxes this year would be less than the amount received last year, due to the break in prices and the resultant decrease in the earnings of many of the great corporations upon which the government is dependent for a large portion of its revenues. There was no way, however, of arriving at the amount of this decrease until the first installment of taxes had been paid. Some unofficial estimates had placed the total of the first installment as low as $500,000,000, and the most liberal estimates had placed the figure at $600,000,000.

Knowledge that the total will be well more than $600,000,000 is most gratifying to Treasury officials as well as to the business interests, since it relieves all anxiety as to a great deficit in the tax receipts and will enable the Treasury to accurately estimate the revenues to be expected from the remaining installment of taxes.

Last year the total amount received from the March 15 tax payment, which was based on 1919 incomes, was around $900,000,000. The year 1919 was a banner year in business and corporate earnings were unusually large.

This man told the police that his lif had been threatened by the brothers of a girl with whom he had kept company, but with whom he had reecntly broken off. He frequently used the driveway on which Graves was murderde,fl and believes Graves was mistaken for him.

The names of the two brothers are known to the police and arrests are expected within a few hours.

SPLENDID RENDITION OF "THE CRUCIFIXION"

(Continued from page one)

There were about forty voices in the choir and all showed that they had caught the spirit of the composers with the result of a most wonderful rendition.

The solo parts being arranged for male voices gave the tenor and bases the principal work.

Stephen Field, the choir's tenor rendered most sweetly and effectively the part assigned him and his voice showed to best advantage in the aria "The Majesty of the Divine Humiliation."

The work gave Arthur H. Bryant an opportunity to show his wonderful rich bass voice to full advantage, and proved that he has great range of tones from low to high notes with equal pleasing sweetness

Lt. H. Guilmette's strong bass voice was most effective in the solo of the penetent malefactor.

The duet, "Oh, 'twas love" by Mr. Field and Mr. Bryant was especially well rendered and pleasing.

The whole performance was a musical treat which reached its climax in the quartet, "God so loved the world," rendered by Miss Esther Schmehl soprano, Mrs. Schramn B. Fowler, alto, Stephen Field, tenor, and Arthur H. Bryant, bass.

The regular choir was augmented by former members of the choir and a violin solo was rendered by Merrill Beagle.

The services were conducted by Rev. Wallace F. Rollins, assisted by Rev. Edgar Carpenter, of Grace Church.

500 MASKED MEN STORM VIRGINIA COUNTY JAIL

Danville, Va., March 22.—A mob of 500 armed and masked men made frantic but unsuccessful efforts, early yesterday morning, to secure Joseph Coleman, a negro, locked in Halifax county jail at Houston, charged with complicity in the killing of William Rickman. Rickman's body, his skull crushed and back broken, was found by the roadside Sunday morning and is believed to have been beaten to death by negroes, who had been dancing nearby.

Coleman's held as a suspect, was taken to Houston, where all day Sunday bad feeling became increasingly manifest. At dusk, nearly 300 people were at the jail, but Sheriff L. W. Rice, who had locked up all the doors was at his home with the keys hidden.

Crowbars and improvised battering rams were used but a flat steel door reached after the wooden door had been torn off defied the mob, although they worked for two hours. Rice sent a telephone alarm to South Boston, 15 miles away and a posse of 40 was sworn in and headed for Houston at a high rate of speed. The mob which had been working since midnight disbanded at two o'clock.

SOUGHT TO KILL SOCIETY LEADER

Buffalo, N. Y., March 22.—Alexander Meyer, a son of a former post master of Buffalo and prominent socially, went to police headquarters yesterday and told the police that the men who murdered Luther P. Graves, Yale graduate and a former captain in the Seventy seventh division, had intended to kill him, but had made a mstake and shot Graves instead. He implicated two brothers, whose names he furnished to the police, as being involved in a plot to kill him because he had jilted their sister.

Meyer told the police that he kept his automobile in a garage near where Graves kept his machine, and that he lived only a few doors from the Graves home. It was his custom to put his machine away at night and then go home along a footpath only a few yards from and paralleling, the path usually taken by Graves. The theory of the police, in view of Meyer's statement, is that the men who murdered Graves stood in the shadow alongside the path and that when Graves appeared they thought he was Meyer.

Farmer Will Wed French Mother Of His Adopted War Children

New York, March 22.—Accompanied by a French widow he intends marrying and her two children and a cousin he intends adopting, Aaron Hemping, wheat farmer of Claremont S. D., will start from Ellis Island today for the West and their future homestead. Hemping is 55 years old and his bride-to-be, Mme Victorine Augagneur, is 47. Her husband was killed at Verdun early in the World War.

Hemping, who was too old to go to war, agreed to adopt three French children as "his bit." They were in the village of Villeneuve-Sur Yonne, and when they wrote to him in 1918 and begged a visit he went over there and fell in love with their mother. He said he would have married her in France save for the law of that country, which forbade teh marriage of women whose husbands were listed as "missing," though Mme. Augagneur knew, unofficially, that her husband had been killed.

Mme Augagneur, who has been in a clerical position in Paris, followed Hemping to this country a short time ago and the wedding will be celebrated at Claremont, where, the farmer understands, a welcome from the townsfolk awaits him.

BOLSHEVISTS TO GET BATHS

Seventeen Thousand Pounds of Soap Sent to Fussia for Purpose

Chicago, March 22.—Russia, which affords the world's greatest example of what follows when "soap box orators" undertake to handle the reins of government, may be saved by vigorous application of the contents of the boxes. Seventeen thousand pounds of soap were shipped from this city yesterday, destined for Moscow. Used sparingly, this would suffice to wash the faces and hands of nearly a million Russians, and there are predictions that a few applications of soap and water would speedily transform the frothiest Bolshevik into something resembling a human being.

The soap is the gift of the American Red Star League and is being sent at the earnest solicitation of the soviet government, which says that typhus and other epidemic diseases are killing hundreds, chiefly babies.

Rushing Season Hits Asparagus Growers

Swedesboro, N. J., March 22.—Asparagus growers are greatly concerned over weather conditions. Some beds are sprouting and if the weather continues for a week, many will be able to put the "grass" on the market. Growers are not prepared to market at this time. The season is advanced several weeks. These men are hoping for colder weather.

Even though warm weather continues, followed by a cold spell, the crop will not be injured as sprouts would merely turn and grow downward, but the average farmer is not prepared to handle the crop so early in the season. This county produces a vast amount of asparagus and many of the best hotels of the East are furnished directly from this section.

MRS. STILLMAN BEGGED FOREGIVENESS IN LETTER

New York, March 22.—Attorneys for James A. Stillman, president of the National City Bank, have in their possession a letter written by Mrs. Stillman to her husband in the spring of 1918. In it she makes a plea for forgiveness. His lawyers regard the letter as a confession.

This information came today from a source whose reliability is not to be questioned.

Mr. Stillman's attorneys will undoubtedly attempt to introduce the letter in evidence to prove his accusation of illegitimacy against Guy Stillman, his wife's youngest child, who was born November 18, 1918, in a hospital in this city.

Olympia, Wash., March 22.—Gov. Louis F. Hart today signed the Poll Tax bill, passed by the last Legislature. The bill becomes effective at once and under it every man and woman in the State between the ages of 21 and 50 must pay poll tax of $5 before May 1 of each year.

The law provides that no employer shall pay his workmen after May 1 unless the latter have paid their poll tax. The tax will be used to retire bonds issued for a soldier's bonus.

W. C. T. U. to Start Drive For Sabbath Observances

Chicago, March 22.—Speaking of spring—The Union Signal, official organ of the W. C. T. U., says in its current issue, that there are 150,000 caddies on the golf links on Sunday that ought to be in Sunday School, and thousands of church members "cut" church to go automobile riding on the Sabbath.

That's why the W. C. T. U., is about to start a campaign for strict observance of the fourth commandment—keep holy the Sabbath.

Good Bread Isn't A Matter of Good Luck

Rather is it the result of an exact science---which specifically dictates WHAT it shall be made of; and HOW it shall be made.

CORBY BREAD is scientifically made----literally so. All the ingredients are selected after careful analysis. Every stage of the making is dictated by the most thorough knowledge of fermentation and baking. If it was not for the Corby patented dough-mixing machines bread of the NUTRITIVE quality of CORBY BREAD could not be produced---for it takes these machines to develop ALL the gluten content of the flour. If it wasn't for the unusual quantities of rich milk which are put into Corby doughs---even CORBY BREAD could not be of that maximum food value which it does attain in every loaf.

There can be no argument as to superiority—because there is no other bread made as CORBY BREAD is made.

100 PERCENT PURE; and 100 PERCENT NUTRITIOUS

Corby Bread is made right here in Alexandria—and delivered fresh from the ovens to your grocer or delicatessen.

Pure as Mother Made It.

NINE CROWN MEN SLAIN IN IRELAND

Dublin, March 22.—Seven members of the crown forces, including one officer, were killed, and twelve wounded when a train was ambushed near Headford, County Kerry, yesterday, according to official announcement.

There were 29 fatal casualties in the war in Erin during the week end. Two more constables have been killed in ambush. Since January 1, it is estimated 429 persons were killed in Ireland, including 154 members of the crown forces. Hundreds were wounded.

Dail Eireann has issued an order forbidding the British government to take a census of the population of Ireland as an infringement of the rights of the Irish people by an alien authority.

At a secret session held this month a scheme for the creation of conciliation boards for amicable settlement of trade disputes between workers and employers was adopted.

Permission has been given for the initiation of an intensive campaign for the development of Irish manufactures and fostering industries vital to the economic life of the nation. Concurrently the exclusion of certain articles of British manufacture was to be undertaken.

FIREBUGS BURN SCHOOL IN HEART OF NORFOLK

Norfolk, Va., March 22.—Fire believed to have been of incendiary origin, destroyed the Omohundro Avenue School shortly after two o'clock yesterday afternoon.

The plain brick structure, occupying half a square between Fourteenth and Fifteenth streets, was completely gutted, only the brick walls remaining. The loss is estimated at $150,000.

It is believed that the fire was started by two young boys, not yet identified, but whose descriptions were furnished the police. The two lads were seen fleeing from the building as the flames were discovered creeping through cellar windows. A large pile of oil soaked rags and debris was also found just before the alarm was turned in.

The building had a large assembly hall, 28 classrooms and the usual offices, in addition to a large basement housing the big playroom. It accommodated 1,000 pupils.

LADY ASTOR THREATENED WITH DEATH BY SOLDIER

Plymouth, England, March 22.—Lady Astor had an unpleasant encounter here Saturday, when, as she was leaving her residence, a soldier halted her, made use of violent language and threatened to kill her. Realizing that a display of fear might be followed by an attack, Lady Astor sought for time and tried to get the man's name and address.

Her tactics were so successful that the soldier started to run, with his questioner in close pursuit. The chase led first to a stables and then to a public house, the soldier finally being caught and turned over to the police.

Lady Astor, however, expressed the wish that no proceedings be taken against the man.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 15c and 30c a box.

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns, which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But, particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
